TEXAS DEPT. OF WATER RESOURCES
SAN ANTONIO

Dear Mr. Hollmig:

RE: Country Estates Subdivision, Comal County
Edwards Aquifer Rule 156.20.05.008

This is in response to your request for approval of a water pollution abatement plan for the above-referenced subdivision in Comal County. The plan has been reviewed pursuant to Texas Water Development Board Rule 156.20.05.008 which specifies water pollution abatement activities for subdivisions located on the Recharge Zone of the Edwards Aquifer in Comal County.

As outlined in the application, this subdivision will consist of 47 lots each approximately 1.2 acres in size. Sewage disposal will be by means of individual septic tanks.

The construction standards and pollution abatement activities proposed by the applicant are in general agreement with Rule No. 156.20.05.008 and the subdivision plan is approved.

Please be reminded that a license must be obtained for each private sewage facility (septic tank) to be located on the Recharge Zone. This license is obtained through the Comal County Commissioners Court which has been designated as a Licensing Authority for private sewage facilities.

July 30, 1981
Mr. S. Craig Hollmig, P.E.
Page Two

In addition, the developer shall comply with all applicable provisions of Texas Water Development Board Rule 156.20.05 and shall be responsible for compliance with such provisions until such responsibility is legally transferred to another person or entity.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Harvey Davis". The signature is written in dark ink and is positioned above the typed name and title.

Harvey Davis
Executive Director
