RE: 24 inch Gap Between County Roads

There is a **MANDATORY 24 inch setback** from county roads to the face or front edge of all concrete driveways in Comal County. This “gap” can be filled with hot mix asphalt, cold mix asphalt, decomposed granite, limestone base, or gravel.

It is the responsibility of the driveway contractor, builder, or homeowner to install and maintain this setback “gap”. Comal County does not install or maintain these setback “gaps”
